Before and after

7-ADVANTAGE

- **Counter**

The handle is equipped with an energy counter to clearly understand the total count during use.

- **German imported laser**

808 handle adopts Germany imported laser, which has stronger energy and long service life.

- **Big spot size**

808 handle uses large light spot of 12× 35 mm, with large processing area and higher working efficiency. The Elight handle uses a 15 * 50 mm large light spot.

- **Cooling Effect**

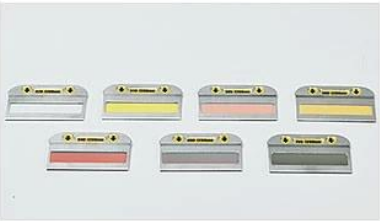
The handle adopts refrigeration effect, which can effectively cool the skin in the treatment process and improve the comfort of treatment.

- **Elight lamp**

The e light handle uses IPL lamps imported from the United kingdom, which emit light up to 150,000 times and have a longer service life.

- **Rf function**

The e light handle is added with RF function, and the RF function after depilation can achieve the effect of tightening and lifting.



- **Optical filter**

The e light handle is equipped with seven filters, which can be used for different treatments and different skin colors to select the corresponding filters, thus making the operation more convenient.

14inch true touch screen

6 kinds skin type for choice. accept ODM OEM Service.
