One minute cooling -27°C

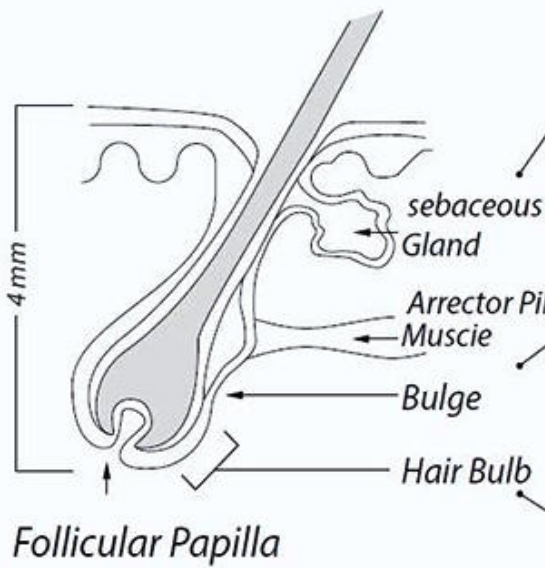

Best **TEC Cooling** system
hair remover laser

A hand wearing a white glove holds a black and white laser hair removal device. A circular inset shows a digital thermometer displaying -27.0°C, indicating the cooling effect of the TEC system.

350g lightweight **handle**, more ergonomic

Available in **black or white**

The image displays four handheld barcode scanners arranged in a row on a white grid background. The first two scanners are black, and the last two are white. Each scanner has a gold-colored sensor window at the top. The black scanners have a black handle, while the white scanners have a white handle. The scanners are shown from a side profile, highlighting their ergonomic design.

755nm

More powerful energy absorption by the melanin chromophore, making it ideal for the widest range of hair types and color
- especially light-colored and thin hair

808/810nm

Deep penetration of the hair follicle with high average power with high repetition rate for **fast treatment**. moderate melanin absorption level making it **safe for darker skin types**.
ideal for treating the arms, legs, cheeks and beard.

1064nm

low melanin absorption, focused solution for darker skin types. Offers the **deepest penetration** of the hair follicle, embedded hair in areas as the scalp, armpit, and pubic area.

Hair removal principle

Make Your Beauty Business More Easier

The laser selectively acts on the melanin in the hair follicle, destroying the hair-growing area

Natural hair loss, prevent regeneration, and achieve the purpose of hair removal

Hair removal also stimulates collagen regeneration, shrinks pores and makes skin firm and smooth

1. The laser energy is absorbed by the melanin in the hair shaft, which is the most effective way to destroy the hair follicle.

2. The laser energy is absorbed by the melanin in the hair shaft, which is the most effective way to destroy the hair follicle.

3. The laser energy is absorbed by the melanin in the hair shaft, which is the most effective way to destroy the hair follicle.
