1 minute hair removal

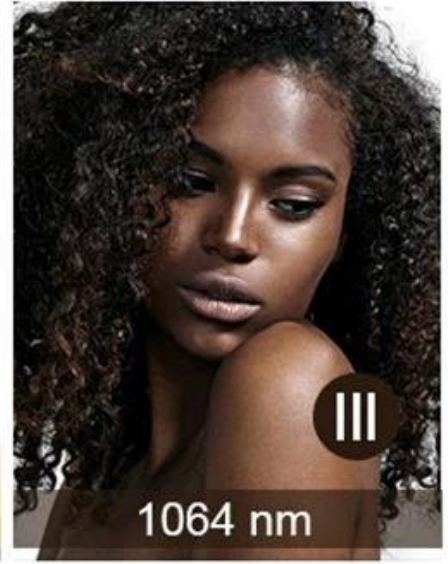

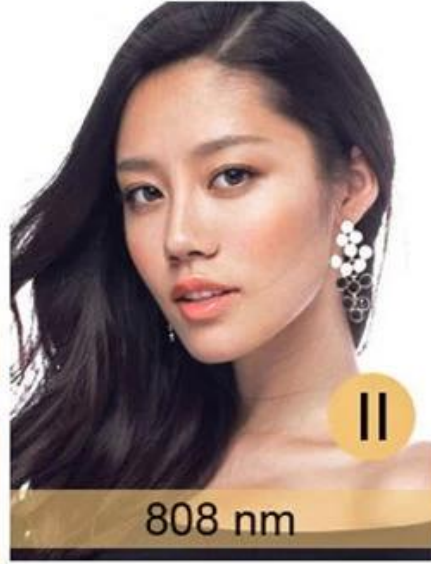

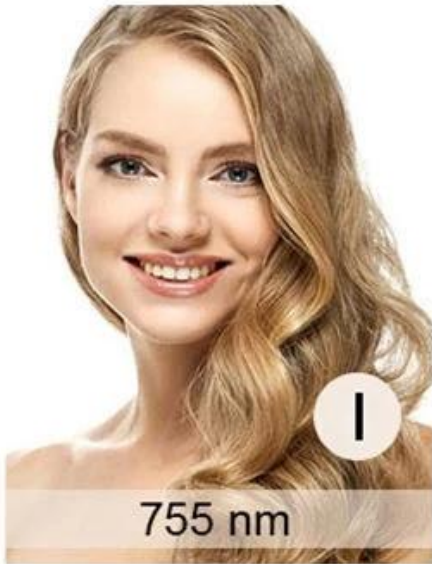

808nm (diode) laser machine for hair removal. It features a large LCD screen and a handpiece. The machine is designed for professional use in a clinic or spa. It offers a painless and comfortable hair removal experience with rapid cooling. The machine is available in two models: one with a 755nm diode laser and another with an 808nm diode laser. The 808nm model is the most popular and effective for hair removal. The machine is also available in a 1064nm model for more advanced treatments.
