How It Works

EMSLim NEO is the world's first and only technology that uses **Radiofrequency and HIEMT** (high intensity electromagnetic field) to **eliminate fat and build muscles non-invasively.**

30 minutes

RF

HIEMT+

LESS -30% Fat on average*

+25% Muscle on average*

Fat Breakdown

In less than 4 minutes the **temperature in fat reaches** levels that cause their **permanent damage.**

Muscle Warm-Up

The muscle temperature raises by several degrees, **similar to what a warm-up activity does before any workout.**

Supramaximal Contraction

Muscles in the treated area **are contracted at intensities** that are **not achievable during routine exercise.**

After Treatment

The **fat cells are slowly removed** from the body and the **strained muscle fibers initiate a growth process.** This results in **fat elimination and muscle building.**
