# MF2.0MM

Unique ultra-thin probe Clexis patented technology

"Special cartridge for eyes treatment"

MF2.0MM is a non-invasive skin treatment device. It uses a unique ultra-thin probe (0.2mm) to deliver energy to the skin. The device is designed for eye treatment and is safe for all skin types. The energy is delivered in a controlled manner, ensuring minimal discomfort and maximum effectiveness. The device is used to treat various skin conditions, including wrinkles, fine lines, and skin laxity. The energy is delivered in a controlled manner, ensuring minimal discomfort and maximum effectiveness. The device is used to treat various skin conditions, including wrinkles, fine lines, and skin laxity. The energy is delivered in a controlled manner, ensuring minimal discomfort and maximum effectiveness.
