ICE Plus

ICE Plus is an advanced technology that continuously cools skin and facilitates range-controlled temperature throughout the entire treatment. The ICE Plus cold sapphire tip minimizes epidermal risks while maintaining heat within the dermis where hair follicles are treated.

Temperature remains controlled and constant which contributes to the diode's efficiency.

Patients can now enjoy a completely pain-free, cool and comfortable

One minute cooling -21°C

2020 Double Handles Alma Soprano Titanium Diode L...

I am very happy with my machine 😊😊
To start from the beginning, the whole communication and explanation of transpo rt to how the machine works I am super happy.
Viki has helped me a lot, she is the Best.
I bought a hair remover machine and am very happy with the results that the mac hine gives already after the first treatment.
The machine came very well packed in a box and with instructions from Viki I sta rted working with the machine immediately 🙏
I have made my best purchase ever, will only buy from them machines.
Grateful for all the help and support.
Will buy more machines from her.
